- 5 Important dates

1. Information about the registration

Registration for the GFL 2013 will be open on 1st of June. Deadline for the registration will be **31st of July**. Registration form will be available on our website from mid May, but we won't accept any registrations before 1st of June!!

OC fee will be 120€/person. Latest day for the payment is 31.7

2. Procedures in registration

As soon as we have published the registration form on our website, you can start to collect the information from your teammates. This is how you can ensure that you have everything ready when the registration window opens.

At registration, you can express wishes for your accommodation, e.g. preferable "mökki" or "hotelli"

"Mökki" is finnish word for cabin. This is your first finnish lesson, mainly because we are going to use word "mökki" during the GFL. ;) We have different size of cabins, from 1 to 15 persons. Meaning of "hotelli" you can decide yourselves...

However, the date of your registration won't determine any order how we will share accommodation. Instead, the payment of the OC fee will count. If you want to have some designated accommodation, make sure that you will send the payment right after the registration window has opened. First paid, first served.

After we have received the OC fee, we will send a confirmation mail to the team captains.

The first payment of GFL package must be done by the end of September. This will be 350€, except single rooms (650€).

Note!

Mökki has one whole price, so if fewer people accommodate than mökki is intended for, price will be divided with the actual amount of people. For example if 6 persons reserve a "mökki" that is intended for 8 people then the price is more per person than it would have been if they would have reserved a "mökki" for 6 persons.
